

**Reminder: Follow our Facebook and Twitter pages for all up to date information.**

As I have said on social media this week, we are still unclear about a date of return to school. The government have said schools will have plenty of notice and this will allow us to make plans and ensure all safety measures are in place before the children come back to school. It is very unlikely that all children will be returning at the same time. There will still be measures in place to minimise the risk of infection.

As soon as there is a clear plan, I will of course keep parents informed so that you too can make appropriate arrangements. It will still be a very different situation from our normal idea of school. Until then, please keep accessing your learning on eschools—you are being brilliant!

Stay safe

## Telephone Support for Parents

Warwickshire Educational Psychology Service (EPS) is offering direct access telephone consultation to parents and carers during the Covid-19 pandemic.

This service is available for 4 afternoons each week (Monday to Thursday) for parents and carers who live in Warwickshire and who feel they may benefit from consultation with an Educational Psychologist to support them with concerns that they may have at this time.

Concerns might include:

- How to talk with a child/young person about COVID-19 and any worries associated with it
- How to help children/young people to engage with learning whilst at home
- How to support behaviour that can be challenging or difficult to manage
- How best to look after your own and/or your child's mental and emotional well-being on a daily basis

If you would like to arrange a telephone consultation with an Educational Psychologist, please phone 01926 742921 or email [eps@warwickshire.gov.uk](mailto:eps@warwickshire.gov.uk).

You will be asked to provide the following information:

- Your name
- The telephone number you would like to be contacted on and an email address
- A brief description of the area in which you would like support
- You or your child's school if relevant (if your child is not already known to the Educational Psychology Service, we will not take their name or record details of the conversation)

You will be offered the next available telephone timeslot that an educational psychologist has available and they will then phone you back at that time.
