Our RE Curriculum

At our school, we pride ourselves on the teaching of the core British Values:

- Mutual Respect
- Rule of Law
- Individual Liberty
- Tolerance
- Democracy

Our RE curriculum forms an important foundation for the teaching of mutual respect and tolerance. We follow the Cornerstones scheme - Love to Celebrate - which focuses on the six major world religions. Whilst studying aspects of a specific religion, the scheme promotes the making of links between all six. The children are able to notice the similarities between the key themes of each religion. They also understand that people choose to celebrate and worship around those beliefs in different ways.

Where possible, we try to bring the learning to life through the use of artefacts, videos, visitors into school and visits to places of worship. Across our schools this year we have visited churches, synagogues and gurdwaras and people have also been into school to talk about their faith. The children are always interested in what they see and hear and most importantly demonstrate respect for the beliefs of others.

The RE curriculum is a core subject within our curriculum and we will continue to develop it and enhance the pupils' experiences.

Resilience in action

We often talk to the children about resilience and perseverance because we know they are essential learning behaviours for success. This week I have witnessed resilience in action for all of our year six pupils who have been completing their SATs assessments.

I am immensely proud of the way they have approached each test this week. All the children tried their very best and that is all I can ask of them. When they faced challenging questions they used the strategies they have learned and worked through every question with care.

The children paced themselves effectively to ensure they finished the tests and some even had time to check their answers. Regardless of the results, Year Six should be very proud of what they have achieved this week.

Well done Year Six!

Mrs Smith

Associate Headteacher

Don't forget to log into eSchools to see what is happening on your children's class pages. The eSchools 'app' is available for you to download from the Apple or Google Play stores.

School Uniform Price Increase!

Please be advised that due to price increases from our uniform supplier the cost of School sweatshirts and cardigans will be increased by 50p from 1st June 2019.

Sweatshirt will increase to £9.50

Cardigans will increase to £10.50

All orders placed before this date will be at the old price.

Info on: Dragonfly Class

"When the volcanoes erupted, it was exciting. I learnt that underneath the earth, there are five layers" - Lily H

"I learnt that volcanoes are made when tectonic plates move. My favourite thing was when we made our volcanoes erupt" - Roxy

"My favourite learning has been about Odysseus and about volcanoes. I have found out that Vesuvius erupted and Pompeii was buried in seconds" - Oscar

"We have been learning about tremors and the plates that move the earth. My favourite thing was making the volcanoes" - Lily-Rose S

"We made volcanoes using chicken wire, a bottle and mod roc. I have learnt that when volcanoes erupt it is really hot and when it comes out into the air, it cools down and gets hard. This makes new rocks" - Lois

"I have learnt the rock inside the volcano is so hot it is a liquid. This is called magma. When it erupts it is called lava" - Ella.

Academic Year 2018-2019

Summer Term 2019

SATs Week KS1	Monday 20th May
Hedgehog Walk in the Woods	Tuesday 21st May
New Parents Meeting	Tuesday 21st May
