

**REMINDER: Please check your emails for important updates.**

## Update

This term continues to hurtle at 100mph towards the summer. I cannot quite believe we are 3 weeks from the end of this academic year! Thank you to parents who continue to support the learning of children at home through our Eschools platform. There is work provided for all year groups on every day on the platform and many of you continue to access the lessons being set by your child's class teacher. I would ask that if you are not currently accessing the learning set, that you make the most of the next 3 weeks to get brain's moving again so that your child is as ready as they can be for the return to school.

The number of children in school continues to grow and I asked parents of children in the chosen year groups this week to inform us if they would be using this provision. It was nice to see some more people choosing to send their children back. The feedback from the children in school is that they are glad to be back and are enjoying seeing their peers. They are adapting well to the new structures and are making the most of the learning experiences.

This week we sent out the class allocations for next year via email. If you haven't received it then please check your junk email folder. We are going to be using email more next year as we move to being a paperless school. Please add the school email address as a trusted contact so that you receive all letters and updates.

Thank you again for your support. I trust that you are all well and I look forward to seeing you soon.

**Mrs Cross**

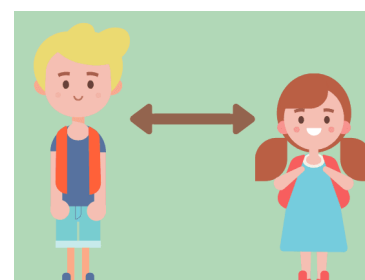

## **Spot Light on Excellence.....**

### Learning stars

This week I would like to say how impressed I am with the way the children have adapted to the new expectations in school. They are aware of their space and rarely need to be reminded about their bubbles. The older children have even developed new rules for their favourite games to make them safer. We have noticed this week that the children are accustomed to being in school and have been demonstrating super learning.

I have also been looking at the work completed by children who continue to work hard at home. I know it takes a lot of effort to maintain learning at home for both children and parents, which makes your achievements even more impressive. I look forward to the time when we can all be back together, until then, take care and keep up the great work.

**Mrs J Smith**

## Academic Year 2019-2020

### **Summer Term 2020**

17/07/20

End of Term school finishes at **1.05pm**

### **Academic Year 2020/21**

01/09/20

Inset Day school closed to pupils

02/09/20

Autumn Term begins

26/10/20 - 30/10/20

Half Term

02/11/20

Inset Day school closed to pupils

18/12/20

End of Term

04/01/21

Inset Day school closed to pupils

05/01/21

Spring Term begins

Half Term

22/02/21

Inset Day school closed to pupils

01/04/21

End of Term

19/04/21

Summer Term begins

03/05/21

May Bank Holiday

31/05/21 - 04/06/21

Half Term

07/06/21

Inset Day school closed to pupils

18/06/21

Inset Day school closed to pupils

21/07/21

End of Term

# What to do if you are feeling unwell

## Step 1: Symptoms

If a child, staff member or member of your household develops a symptom, **STAY AT HOME**.

Call school at once to notify us

If your child or a staff member develops a symptom in school, they will be sent home.

## Step 2: Isolation and Testing

Person with symptoms **STAY AT HOME** for at least 7 days and book a test:

( [www.nhs.uk/coronavirus](https://www.nhs.uk/coronavirus) or call 119). Rest of the household STAY AT HOME for 14 days (see government advice for ending isolation).

Rest of the social group to be notified of the situation.

### Step 3: Positive Test–

#### Confirmed Infection

Child or adult testing positive remains in isolation alongside their family. Follow latest government guidance.

The social group for that child or staff member will be **closed for 14 days** AND children and staff **MUST isolate**.

### Step 3: Negative Test

Where the child or adult tests negative, all isolation ends and anyone connected who was in isolation returns to work or school.

## Step 4: Further Action

School notifies Public Health England and the rest of the school continues as normal with the risk assessment in place. School will only close if told to do so by PHE.

Classroom for the social group will be deep cleaned.

Test and Trace will be operated for the infected person.
