Leadership

Over the past 12 months Wood End has experienced many changes to leadership. The team is now firmly in place and we are working hard to secure better outcomes for the pupils in our school.

This week has seen a start to another new chapter with our new joint governing body meeting for the first time. We have worked hard to secure people who will challenge the leadership team and prioritise the children. Their job is to ensure the decisions made in school support it's progress out of Special Measures.

The new parent governor representing Wood End is Vanessa Smith who has 3 children in school. She is on the governing body to represent the voice of the parents in the decisions we are making. It is not to air any personal grievances or issues on behalf of parents.

There are 10 governors on the Governing Body incorporating parents, staff and community governors. I am confident that we have secured a balanced partnership that will promote the best for Dordon and Wood End schools as they work closely together to 'Ensure Excellence'.

You may see governors in school throughout the year as they complete their numerous roles within school: attending events, conducting interviews or verifying the work of the school.

I look forward to working with them to effectively move the school forward and achieve the best for all.

Mrs Cross
Executive Head

Spot Light on Excellence...

Enterprise Day

On Thursday Wood End Primary School turned into a centre of business. The children worked in their house teams to produce items to sell at the Christmas Fair. This process started a few weeks ago when the house captains, Ellie, Charlie, Lewis and Ruby met with their teams to choose what to make. They then had to order their resources ready for the day.

It has been a brilliant event. The children have worked together and made some brilliant things to sell. During the day judges came in to judge teamwork, productivity and maintaining a clean workspace. Today other judges came to taste the food and listen to a presentation about enterprise week from each house team.

The focus of Enterprise day is to appreciate the need for maths in real life contexts. This includes keeping to a budget, ordering resources, deciding what to sell items for and trying to make the most profit.

We look forward to finding out which house team wins the Enterprise challenge.

Mrs Smith
Associate Headteacher

Christmas Festivities

Christmas Fair – Saturday 9th December

1pm to 3pm All Welcome
